MANAGEMENT RULES

1. Any person under the age of 21 years shall not place wagers with or collect winning wagers from any licensed sports pool or operator.
2. Persons shall place a wager only on their own behalf and shall not wager for any other person.
3. Management will make every reasonable effort to resolve disputes. Any unresolved dispute arising as a result of wagers accepted by the Sport Book shall be resolved as set forth by rules or regulations promulgated by the Maryland State Lottery & Gaming Control Commission.

OBVIOUS ERRORS AND RESETTLEMENTS

Obvious Errors

MGM National Harbor (MGMNH) makes every effort to ensure that we do not make any errors in prices offered or wagers accepted. However, if as a result of mechanical, technical, or human error, MGMNH offers, or a patron places, a wager in Obvious Error, MGMNH may either (i) settle winning wagers at the “correct price,” as reasonably determined by MGMNH, or (ii) void any wagers placed in Obvious Error. Obvious Errors include, but are not limited to, the following:

- Wagers offered or placed on events after the outcome is already known;
- Wagers offered or placed on markets where incorrect participants are listed;
- Wagers offered or placed on markets where participants are incorrectly designated or listed in the incorrect order (e.g., Home Team listed as Away);
- Wagers offered or placed at odds that are materially different from those available in the general betting market for a given event at the time the wager was placed;
- Wagers offered or placed at odds which reflect an incorrect score situation; or
- Wagers offered or placed at odds being clearly incorrect given the probability of the event occurring (or not occurring) at the time the wager was placed (exclusive of certain special offerings or “odds boosts” advertised as such).

MGMNH may, at its own discretion, to declare a wager void, totally or partly, if any of the following circumstances have occurred:

- A wager has been offered, placed, and/or accepted containing an Obvious Error;
- A wager has been offered, placed, and/or accepted on an unapproved sporting event or team;
- A wager is placed and/or accepted while the sportsbook was encountering mechanical, technical, or systemic problems, which would not have been accepted but for that problem;
- A wager or result has been affected (directly or indirectly) by illegal activity; or

MGM National Harbor Sports Book House Rules

- A wager is placed and/or accepted on a market that is voided in its entirety (e.g., for an incomplete or abandoned event).

MGMNH prohibits parlay wagers that include two or more outcomes that are, or could turn out to be, related (e.g., Team X to win 7-0 and Team X to win the game). MGMNH takes all necessary steps to prevent acceptance of these prohibited parlay wagers. However, if such a parlay wager is placed, MGMNH may, solely at its own discretion, to declare void some or all parts of the parlay wager that includes the related outcomes at odds that do not account for the related contingency. This provision does not apply to parlay wagers placed through One Game Parlay or parlay wagers that are explicitly identified as special offerings.

Re-settlement

Markets are generally settled shortly after the end of the event in question. MGMNH may settle (or partially-settle) some markets before the official result is declared purely as a customer service benefit. However, MGMNH may amend the settlement of the market if:

- The official result is different than the result on which MGMNH initially settled the market; or
- The whole market is eventually voided (e.g., for an incomplete or abandoned event).

MGMNH may reverse the settlement of a market if a market is settled in error. MGMNH may take any necessary action, without prior notice and within reasonable limits, to adjust any inaccuracy in a customer's account due to a settlement error, including through the reversal, amendment, or cancellation, of any subsequent transaction.

As a result of a market resettlement, MGMNH may amend an account balance and/or deduct funds from a customer's account.

MGMNH may reverse the settlement of, and take necessary action to correct, a customer-initiated Cash Out of a wager that was affected by a technical, pricing, or settlement error at any time between the original placement of the wager and the Cash Out. That necessary action may include, but is not limited to, resettling the impacted wager at a value that would reflect the proper Cash Out value.

GENERAL SPORTS BOOK RULES

1. The MGMNH may refuse any wager, and/or delete or limit selections, prior to the acceptance of any wager.
2. The MGMNH will determine minimum and maximum wagers on all sports events.

MGM National Harbor Sports Book House Rules

3. Please check your tickets for accuracy before leaving the betting window. Leaving the window with the ticket is deemed an acceptance of the wager by both parties.
 - a. Tickets will not be altered or voided prior to the start of an event except at the discretion of management and with the approval of both parties.
 - b. Once both parties accept a wager, tickets will not be altered or voided after an event officially begins.
 - c. Wagers may only be rescinded in accordance with rules or regulations promulgated by the Maryland State Lottery & Gaming Control Commission.
4. MGMNH is not responsible for lost, stolen, altered or unreadable tickets. Lost or stolen ticket claims will be paid upon presentation of supporting information or documentation. 8. MGMNH may add, change or delete the payout ratio limits.
9. MGMNH reserve the right to add, change or delete the MGMNH House Rules, subject to regulatory approval.
10. MGMNH will not accept the past posting of wagers, in such cases the wager may be refunded, or where the outcome of the event is already known, in all such cases the wager will be refunded.
11. MGMNH will accept wagers on currently posted terms unless otherwise posted or noted on printed media.

13. Management will maintain a record of all point spreads, odds, final score and related betting proposition statistics and outcomes to protect both the patron and MGMNH in case of obvious mechanical or human error.

14. Canceled events that have either not started or have not met the minimum length for an event to be official, will result in straight wagers being refunded. Parlays that involve a

MGM National Harbor Sports Book House Rules

canceled event will reduce to the next lower number of selections.

15. All future wagers are “action” as long as a winner is officially declared, unless otherwise posted or noted on printed media.
16. MGMNH customers are encouraged to contact Customer Service for additional wagering information, questions, and complaints of any kind. MGMNH will investigate any issue and provide a timely response.

Types of sporting events offered will be those submitted to and/or approved by the Maryland State Lottery & Gaming Control Commission.

SPORTS BOOK WAGERING RULES:

Minimum length of play

For wagering purposes, unless otherwise stipulated in individual sports wagering rules, games are official after:

1. BASEBALL (all) – five innings of play. If the home team is leading, the game is official after 4 ½ innings (this will include softball). Thereafter, if a game is called or suspended, the winner is determined by the score after the last full inning, unless the home team scores to tie or take the lead in the bottom half of the inning, in which case the winner is determined by the score at the time the game is called.
2. FOOTBALL (pro and college) – 55 minutes of play, unless an official result is declared by the official governing body before then.
3. BASKETBALL (NBA) – 43 minutes of play; (College and WNBA) – 35 minutes of play.
4. HOCKEY (all) – 55 minutes of play; (Non-US) – 60 minutes of play.
5. GOLF – the results are official for wagering purposes provided that at least one round has been completed by all players in the field and a winner is declared by the tournament’s governing body.
6. MOTOR RACING – All wagers will be settled according to the unofficial results reported immediately after the conclusion of the race by the governing organization. Any changes to the finishing order that occurs based on appeals, penalties or scoring malfunctions after the race has concluded, will not be recognized.
7. SOCCER- the full 90 minutes of play plus injury time for 3-way, goal line, and totals.
8. BOXING and MIXED MARTIAL ARTS (all) – the bell (buzzer, etc.) is sounded signifying the start of the opening round, the bout is considered official for wagering purposes, regardless of the scheduled length. For a round to be considered complete, the fighters must answer the bell beginning the next round, except for the final scheduled round in which case, the final bell signifies

MGM National Harbor Sports Book House Rules

the completion of the round and fight.

9. TENNIS – at least one set of the match must be completed.
10. ALL OTHER SPORTS – the conclusion of the scheduled length of play or scheduled time limit.

Other Sports Rules

Wagers and proposition bets are offered to patrons and settled throughout the duration of games and events. Patrons are advised to check the individual sports rules sections (below) for information on how wagers are settled, as Minimum Length of Play rules do not relate to all wagers offered to Patrons.

For events where all participants are not listed and there is not a Field option, all bets are action. If a customer wishes to request MGMNH to offer lines on a new participant, then they can do so by requesting at the window. Where possible the MGMNH will do so within a reasonable timeframe.

Settlement Rules

MGMNH settles markets in accordance with the official rules, statistics and results as declared by the league's governing body, unless specified otherwise in the specific sport's betting rules.

Dead Heat Rule

A dead heat is when two or more selections tie for a given position. In racing events (Motor Racing or Athletics for example), it could be due to both competitors crossing the line at the exact same time and the judge is unable to separate them. In other events, such as Golf, a dead heat occurs when players have scored the exact same score and are therefore classified in a joint position such as joint second place.

In a dead heat for first place, the stake money on a winning selection is divided by the number of winners in a dead heat. The full odds are then paid to the divided stake with the remainder of the money being lost.

For example: Kurt Busch and Denny Hamlin have dead heated for first place in a NASCAR race. If you backed either of these drivers, you would be paid half of your stake (Sports Book pays out half the stake for both selections).

Therefore:

\$100 on Kurt Busch at +100 = Half Stake \$100 = \$50 at +100 = \$100 returns.

Or

\$100 on Denny Hamlin at +800 = Half stake \$100 = \$50 at +800 = \$450 returns.

MGM National Harbor Sports Book House Rules

Multi-selection Dead Heats

If there is a dead heat between multiple competitors, the following calculation applies:
The number of positions tied for, divided by the number of players tied in that position

For example:

1 Brooks Koepka
T2 Tommy Fleetwood
T2 Tiger Woods
T4 Justin Rose
T4 Jordan Spieth
T4 Rickie Fowler
T4 Dustin Johnson
T4 Rory McIlroy

In this scenario there are two (2) players in a dead heat for second place, and five (5) players in a dead heat for fourth place. If you had picked a player to finish in the Top five, then those who finished tied for second place are both winners. Your full stake would then be paid out at full odds.

However, if you had picked any of the players who finished tied for fourth place then those wagers would be settled differently. There are five (5) players in a dead heat for two (2) positions (fourth and fifth) and therefore you would be paid at 2/5 (two-fifths) of the stake.

For example, if you had \$100 on Dustin Johnson Top 5 Finish at +200, your bet would be settled as follows:

- \$100 on Dustin Johnson = 5 players tied for 2 positions = 2/5 (two-fifths) stake
- 2/5 of \$100 = \$40 at +200 = \$120 returns

Live (In-Play) Wagering General Rules

If the outcome of a market cannot be verified officially, we reserve the right to delay the settlement until official confirmation.

If coverage must be abandoned and the match finished regularly, all markets will be settled according to the final result.

In the case of an incorrect settlement of markets, we reserve the right to correct them anytime.

If a match is not finished or played at all regularly, (for example: disqualification, interruption, withdrawal, changes in draws, etc.), all undecided markets are considered cancelled.

Postponed Matches:

For postponed and cancelled matches, the following rules apply unless otherwise stipulated in the individual sports wagering rules. All bets placed prior to the scheduled start time of a match

MGM National Harbor Sports Book House Rules

will be void if the match is cancelled or postponed to a different day (local time) then initially scheduled. All bets stand on any match that is delayed prior to the scheduled start time and takes place on the same day (local time). However, if a match that takes place within a fixed date tournament framework e.g. Olympic Games, Tennis Tournaments, European Championships Finals, World Cup Finals, etc., is postponed all bets will stand (does not apply to non-tennis qualifying matches taking place outside of the fixed date tournament framework).

AUSSIE RULES FOOTBALL RULES

Minimum Length of Play

If a match is abandoned before the end of normal time, all bets on the match are void, except for those markets which have been unconditionally determined. If the duration of a match is changed by the governing body prior to the commencement of play, the revised game length will be regarded as the official regulation time for this match, and all bets will stand as long as this new regulation time is completed.

BASEBALL RULES

Date/Site Changes

Regular season Baseball games must be played on the scheduled date/location (location is a geographical area or city, but not restricted to a specific arena or venue) to be considered action unless otherwise noted in the specific sports rules section or on printed media in the MGMNH.

Minimum Length of Play

For wagering purposes, unless otherwise stipulated in individual Baseball sports wager rules, wagers on baseball money lines are official after 5 innings of play. If the home team is leading, the game is official after 4 ½ innings (this will include softball). Thereafter, if a game is called or suspended, the winner is determined by the score after the last full inning, unless the home team scores to tie or take the lead in the bottom half of the inning, in which case the winner is determined by the score at the time the game is called.

MGM National Harbor Sports Book House Rules

For games scheduled to play a full 9 innings, game must go to 9 innings (8 ½ if the home team is ahead) to have action on run lines and totals. For games scheduled to play only 7 innings, game must go to 7 innings (6 ½ if the home team is ahead) to have action on run lines and totals

In specified inning wagers, game must go to full specified innings to be official, unless the home team is leading the bottom half of specified inning prior to completion of specified innings(s). For money line, totals, and run lines, game must go the full specified innings.

Pre-Match Baseball Wager Types

Patrons should be aware of the following wager types when placing wagers on baseball – action, one specified pitcher and listed pitchers. Patrons may choose either of these options when placing wagers on the money line. Wagers placed on run lines and totals require listed pitchers to start for action.

1. Action – this wager type puts team against team, regardless of the starting pitcher.
 - a. If either team's scheduled starting pitcher changes (and does not start the game) after a wager is placed, the wager will stand at the opening price of the adjusted line.
 - b. College and Softball wagers are action regardless of wager type.
2. One Specified Pitcher – A wager on or against one specified pitcher, regardless of the other starting pitcher.
 - a. Specified pitcher must start, or wager is deemed “no action” and wager is refunded.
 - b. If the opposing pitcher does not start, the wager stands at the opening price of the adjusted line.
3. Listed Pitchers – A wager that specifies both starting pitchers. Any variation constitutes “no action” and wager is refunded.
4. For wagering purposes, each team's Starting Pitcher is defined as the pitcher who throws the initial pitch in his respective half of the first inning. Any subsequent change in pitcher is irrelevant to any standing wager.

Baseball Wagers

Baseball wagers are accepted in the following manner:

1. Total Runs (Over/Under) – A wager on whether the total number of runs scored in a game is over or under a specified number.
 - a. Extra innings are counted in final score.
 - b. Wager must meet the minimum length of play as specified above.
2. Run Line – A wager in which the bettor “takes” or “lays” a specified number of runs.

MGM National Harbor Sports Book House Rules

The team wagered must “cover” the run line for the wager to be deemed a winner.

- a. Extra innings are counted in final score.

If a game is suspended after 9 innings (8 ½ innings if the home team is ahead), the final score is determined after the last full inning, unless the home team scores to tie or take the lead in the bottom half of the inning, in which case the score is determined by the score at the time the game is called. For the above, if a game is scheduled for only 7 innings, then game must go 7 innings (6 ½ if the home team is ahead).

All baseball propositions are considered action regardless of any pitching changes.

Hit(s): MGM National Harbor settles markets in accordance with official box score statistics declared by MLB as the governing body.

Baseball Player Propositions

Players in player proposition bets do not have to start but must play some part for Player propositions to have action. Wagers on specific player performance or match wagers will be deemed official once at least one of them have left the game, with both having taken some part in the game to that point, regardless of the conclusion of the game.

Baseball Regular Season Series Propositions

MGM National Harbor Sports Book House Rules

Regular season series propositions are offered for all 3, 4 or 5 Game Series with the outcome of all games played counting towards settlement. Series must go a minimum of 3 games for action regardless of games scheduled and/or canceled. A called game will count towards a series wager if declared an official game by the league. All wagers are action regardless of Starting Pitchers or pitcher changes.

Baseball Playoff Series Propositions

For Playoff Series Winner propositions, the team that advances to the next round is deemed the winner. Wagers for all other markets are refunded if the required minimum number of games (according to the respective governing organizations) are not completed, or the number of games changes.

Baseball Post Season Rule

Baseball Grand Salami Propositions

Grand Salami proposition is determined by the total runs scored in all MLB games scheduled for that day. There are no listed pitchers, so all bets are action. Wager applies to all scheduled games and games must go 9 innings (8 ½ if home team is leading). If any game is cancelled or stopped before the completion of 8 ½ innings, all wagers on the Grand Salami will be cancelled. Grand Salami will not be offered when 7 inning games are scheduled.

College World Series

Games must be played on scheduled date for action. All teams face double elimination. Teams listed second do not necessarily bat last.

Baseball Futures

For all season long and future propositions, all wagers stand regardless of team re-location, change to a team name, season length or play-off format unless stated otherwise in the market. For awards, the official decision made by the governing body on the day the award winner is announced will be final. Any subsequent changes at a later date will not count for betting purposes.

Baseball Championship and Pennant Futures

Basketball Propositions

Various unique wagers may be offered from time to time, called proposition bets. When wagering proposition bets, unless stated otherwise, overtime does count for settlement of wagers.

Players do not have to start for action but must play for action. If a player does not take any part in a game, then wagers on that player proposition will be refunded.

Basketball Futures

Basketball season long futures are unique wagers that will be offered from time to time. For all season long match wagers and division betting, all wagers stand regardless of team relocation, or a change to team name, season length or playoff format. Unless stated otherwise in the market, team(s) must play in all their scheduled regular season games for wagers to have action. If team(s) do not compete in all scheduled games, then wagers will be refunded except for those wagers which have been unconditionally determined. For awards, the official decision made by the governing body on the day the award winner is announced will be final. Any subsequent changes at a later date will not count for betting purposes.

NCAA Conference Tournament Winner will be determined by the team winning the Championship game regardless of any post-season suspension.

MGM National Harbor Sports Book House Rules

For Playoff Series Winner, the team that advances to the next round is deemed the winner. Basketball Grand Salami Proposition

The Basketball Grand Salami will be decided by adding up all the scores for the games scheduled for that particular day. All games must be completed for action. Points scored in overtime are included.

NBA Draft

All markets will be settled in accordance with official information available on NBA.com.

Wagers on Over/Under draft position are settled based on when a team selects that player. Should a player go undrafted, Over/Under markets will be settled by assigning the next number after the last player drafted.

Round in which player is drafted wagers will be void should a player go undrafted, unless 'undrafted' is an option offered in the betting market.

MGMNH will void all wagers on a player who subsequently withdraws their eligibility for that year's draft. Should a player who is not listed in any market be the winning selection, all bets on that market stand. All markets involving listed players are offered with others available on request.

Wagers on which team will draft a player are settled on the team who officially draft that player as listed on NBA.com. Any previous or subsequent trades will not be taken into consideration for settlement.

International players are defined as any player who played for a non-US team in the previous season, and not by their country of birth. E.g. A US-national who played for Real Madrid in Spain will be deemed an International player.

Football Proposition Rules

Various unique wagers may be offered from time to time, called proposition bets. When wagering proposition bets, unless stated otherwise, overtime does count for settlement of wagers.

Football Game Propositions

1. All time-based propositions will be settled as per the official scoring time listed on the official league source box scores. Scores exactly on the quoted time count as ‘Yes’ for settlement. For example, a score with exactly 02:00 on the clock will be settled as ‘Yes’ on the ‘Will there be a score in the final 2 minutes?’ proposition bet.

MGM National Harbor Sports Book House Rules

2. Any turnover proposition does not include a 'Turnover on Downs' and only includes Fumbles and Interceptions.
3. All penalty propositions are based upon accepted penalties only. Declined or offsetting penalties are not included for settlement purposes.
4. Coach challenge propositions only include a challenge initiated by the coach throwing a challenge flag. Proposition does not include booth reviews.
5. 4th Down Conversion propositions do not include 1st downs awarded by penalty.
6. Sacks propositions are settled as per the official league source. Includes 0.5 sacks awarded, however for propositions such as 'Player to record a sack in the game', the player must record at least one total sack (1.0) for 'Yes' to be settled the winner.

Football Player Propositions

For all player propositions, the players must be listed as active by the official league source for bets to have action. Bets will be refunded on wagers where one or both players are listed as inactive. An exception to this rule is for Quarterback proposition markets, as these require that the players in question must be starters for bets to have action. Passing yardage propositions are settled as per gross passing yards.

NFL Draft

All markets will be settled in accordance with official information available on nfl.com. A player's positional assignment will be determined by nfl.com.

Wagers on Over/Under draft position are settled based on when a team selects that player. Should a player go undrafted, Over/Under markets will be settled by assigning the next number after the last player drafted.

Round in which player is drafted wagers will be void should a player go undrafted, unless 'undrafted' is an option offered in the betting market.

Wagers on any players who subsequently withdraw their eligibility for that year's draft will stand. Should a player who is not listed in any market be the winning selection, all bets on that market stand. All markets involving listed players are offered with others available on request.

Wagers on which team will draft a player are settled on the team who officially draft that player as listed on nfl.com. Any previous or subsequent trades will not be taken into consideration for settlement.

Mr. Irrelevant is the term associated with the last player drafted in the final round.

Football Futures

Football season long futures are unique wagers that will be offered from time-to-time. For all season-long match bets and division betting, all bets stand regardless of team relocation, or a change to a team name, season length or playoff format. Unless stated otherwise, Team(s) must play in all their scheduled regular season games for bets to have action. For awards, the official decision made by the governing body on the day the award winner is announced will be final. Any subsequent changes at a later date will not count for betting purposes.

The Sports Book will rely on official results and statistics from the official governing body to settle all future wagers. The Sports Book will count any forfeited match as a game played where an official result was declared as a completed game for purposes of all future wagers.

Football Division and Conference Futures

Division Winner markets will be settled on who finishes top of the relevant division after the conclusion of the Regular Season. If two or more teams have the same regular season win record, then ties will be broken using the governing organization's official rules to determine outright winner.

Conference Winner will be settled on team's performance in the playoffs. Regular season records do not count. If there is a change to the post-season structure, whereby a Conference Championship is not possible, or called early, Conference Winner will be settled on the team that advances to the Pro Football Championship from that Conference.

3. Money Lines indicate the line price. For example, -130 means 10/13. Wager \$13 to win \$10; total return is \$23. +120 means 12/10. Wager \$10 to win \$12; total return is \$22.

SOCCER RULES

Date/Site Changes

Soccer games must be played on the scheduled date and location (location is a geographical area or city, but not restricted to a specific arena or venue) to be considered action unless otherwise noted in the specific sports rules or on printed media in the MGMNH. A club team playing a European competition is classed as playing at Home if the event is moved from the club's usual ground to a ground within their national boundaries (e.g., when Tottenham Hotspur played their Champions League home games at Wembley Stadium).

MGMNH will always try to identify matches played at a neutral venue. For matches played at a neutral venue (whether indicated or not), bets will stand regardless of which team is listed as the home team. If an official fixture lists different team details to our scheduled match, then bets will be void, e.g., Reserves/U21s/Development team. This does not apply to instances where we list a scheduled match without the term 'XI' in the team name or Club Friendlies where all bets stand regardless of the players used to complete regular play, whereby prices are subject to fluctuation. If there is a change of venue, all bets will be deemed void.

Specific extra time bets will stand regardless. This is defined as any scheduled period of play, normally 2 halves of 15 minutes, between the end of regular play and the end of the game. Hence, if any other time period is played these bets will be settled accordingly regardless of the periods played (e.g. 2 halves of 10 minutes).

Minimum Length of Play

For wagering purposes, unless otherwise stipulated in individual Soccer sports wager rules, results are official after 90 minutes of play plus injury time.

Abandoned matches: Any scheduled match abandoned before the completion of regular play will be made void, except for all bets where the outcome has already been determined at the time of abandonment. If a match commences but for whatever reason, including any suspension of play, does not conclude on the same day (local time), all bets on that match will be deemed void except where settlement has already been determined. For example, where the first goal has

MGM National Harbor Sports Book House Rules

been scored by a named player, the First Goalscorer and Time of First Goal markets, amongst others, will stand. Where the match is concluded on the same day that it commenced (local time), all bets will stand, regardless of any suspension of play.

Suspended matches: Bets on any scheduled match suspended before the completion of regular play will be refunded if the match is not restarted on the same day (local time) and played to completion, even if the governing body declares the result of the shortened match to stand for competition purposes. Bets on which the outcome has already been determined at the time of suspension will stand. For example, where the first goal has been scored by a named player, the First Goalscorer and Time of First Goal markets, amongst others, will stand. Where the match is concluded on the same day that it commenced (local time), all bets will stand, regardless of any suspension of play.

Example:

Real Madrid v Barcelona is 1-0 and is suspended due to a crowd disturbance after 47 minutes. Match does not continue on same day but is played to a conclusion (48-90) a week later. Any bets already determined are settled (e.g. First Goalscorer , Half-Time , First Goal etc.) All other bets are refunded.

Real Madrid v Barcelona is 1-0 and is suspended due to a crowd disturbance after 47 minutes. Match continues 2 hours later on same day and is played to a conclusion (48-90). All bets are settled as normal.

Postponed matches: For any cancelled or postponed match, any bets placed prior to the scheduled kick-off will be void. All bets stand on any match that is delayed prior to the scheduled kick-off time and takes place on the same day. Matches played in a tournament final, e.g., World Cup Finals, European Championship Finals, or Copa America Finals (but not qualifiers for these finals) will not be void if postponed and will stand for the new date they are played.

For any bet placed on a match that is played prior to the date or kick-off time originally stated, the bet stands if the bet was placed before the new time, if not, the bet will be deemed void.

5. Anytime Goalscorer
 - a. Wagers are accepted on regular play only. This market will be settled on all players who score a legal goal. If a player doesn't enter the field of play during the game at all, then this player is deemed a "non-runner" and all bets on this player are void. When a price is quoted for a team to qualify for the next round of a given tournament over two legs, bets placed on that market will be settled immediately on completion of the second match based upon the events that occur during both matches. This will include normal time, injury/stoppage time added on by the match official at the end of normal time, extra time, away goals if applicable, and penalty shoot-outs; should the tie progress as such. TENNIS RULES

Date/Site Changes

If a match is postponed your bet will stand providing the match is rescheduled to take place before the end of the tournament. For any match played outside of a tournament format, all bets are void if the match is not played on the scheduled date.

Minimum Length of Play

At least one set of the match must be completed. In the event of a tennis match not taking place or if a player is given a walkover, bets on this match are void.

Pre-Match Tennis Rules

Tennis wagers are accepted in the following manner:

1. Match – A wager on one or more specified players(s) versus one or more other specified players(s) in a designated match.
 - a. If a player withdraws (retires) or is disqualified after the first set has been completed, the player progressing to the next round or who is awarded the match by the umpire will be considered the winner.
 - b. If the first set has not been completed, all match bets will be refunded.
 - c. If a match does not reach a natural conclusion, any markets (besides match betting) that are not unconditionally determined will be refunded. In the event of a change to playing surface, venue or change from indoor court to outdoor and vice versa, all bets stand.
2. Propositions – Various unique wagers may be offered from time to time. Rules for these types of wagers can found in the specific sports rules section or on printed media in the MGMNH.
3. Set Betting: The full number of sets required to win the match must be completed.

MGM National Harbor Sports Book House Rules

- a. If a player is awarded the match prior to the full number of sets being completed, all set betting on that match will be void.
- b. If a match is decided by a Champions tie-break then this will be considered the third set.
4. **Bet In Play, Game by Game betting**
 - a. A game is defined as an ordinary game (not a tie break) which is completed on the same day that it commenced.
 - b. If a game is completed after an interruption for any reason that game shall be deemed to be complete for wagering purposes.
 - c. If a game is completed by the awarding of a penalty point by the umpire, the game shall be deemed to be complete. However, if a game is completed by the awarding of a penalty game by the umpire, the game shall be void, and all stakes shall be returned.
 - d. If a player retires from a match while a game is in progress, but before that game has been completed, that game shall be deemed to be incomplete and all stakes shall be returned. Bets on a game which subsequently becomes a tie break will be settled as void.
5. **Current Set Betting**
 - a. If a player retires from a match while a set is in progress, but before that set has been completed, that set shall be deemed to be incomplete and all stakes shall be returned.
6. **Handicap betting** - This bet is based on the number of games each player wins in a given match. eg. a player given a 3.5 game start on the handicap who loses 7-6, 7-6, 7-6, would be the winner for handicap betting purposes.
 - a. If a player is awarded the match due to a withdrawal prior to the full number of sets being completed, all handicap bets on that match will be void unless, at the time of the withdrawal, the result of the handicap betting is already determined.
7. **Total games** - Bets on the total number of games in a match will be over/under a particular number, e.g., 21.5 games.
 - a. In the event of a retirement, bets will be void unless at the time of the withdrawal the result of the total games is already determined. E.g., If a match is abandoned at 6-4 4- 4, bets on Over/Under 19.5 games or fewer in the match are settled as winners/losers respectively, since any conclusion to the match would have to have had at least 20 games.
8. **To Win / Lose First Set and Win the Match**
 - a. If either player withdraws from the match before the first set finishes, then bets will be void.
 - b. If the first set has been completed, then the match part of the bet will be determined by the player awarded the match.
9. **Match Tiebreaks** - In some competitions, an extended tie-break (Match Tiebreak – sometimes referred to as a “Super Tiebreak”) is played in place of a final deciding set.
 - a. For settlement purposes, this Match Tiebreak will be considered as one set (for set-related markets) and one game (for game-related markets). For example, in a ‘Best of three sets’ match, if Team A won the first set 6-0, Team B won the

MGM National Harbor Sports Book House Rules

second set 6-0 and then Team B went on to win the Match Tiebreak, then the market Set Betting would be settled as 2-1 in Team B's favor. The market Total Games would be settled against a total of 13 games.

- b. For tennis matches that use the Match Tiebreak (in place of a final set), in the event that the next game turns out to be a Match Tiebreak, bets on the following markets will all be settled as void.
10. Game/Point Related Markets
 - a. If the wrong player has been set as the server for any individual game (Current or Next Game) then all markets relating to the outcome of that specific game will be void, regardless of the result.
 - b. In the event of a game not being completed, all bets on the game will be void with the exception of Game to Deuce if the result has already been determined.
 11. Lead after x points - Who will have most points after the listed number of points have been played.
 - a. Draw will be an option and will be the winner if tied at that stage. Should Draw not be offered, and the score is tied, then bets will be void.
 12. Race to x points - Winner being the team/player who reaches the specified points tally first.
 - a. Should neither team reach the total, and a 'Neither' option is not offered, then bets on that market will be void.
 13. Who will win nth point: Wager on who will win the named point.
 - a. Should the point not take place, bets will be void.
 14. Tournament Winner - Team/Player to win the named tournament.
 - a. Should a participant take no part in the competition then bets on them will be void.
 - b. Should they withdraw or be disqualified after the tournament begins, then bets on them will stand.
 15. Quarter Winner - Team/Player to win the Quarter of the Draw they are in.
 - a. Should a participant take no part in the competition then bets on them will be void.
 - b. Should they withdraw or be disqualified after the tournament begins, then bets on them will stand.
 16. IPTL (International Premier Tennis League) Substitute Players
 17. If during a set a player is substituted, ALL bets including "bet in play" will stand. If a set doesn't start with the players indicated, all bets on that set will be void.

Live (In-Play) Tennis Rules

In case of a retirement or walk over of any player, all undecided bets are considered cancelled.

In case of a delay (rain, darkness...) all markets remain unsettled and the trading will be continued as soon as the match continues.

If penalty point(s) are awarded by the umpire, all bets on that game will stand.

OFF-THE-BOARD PARLAY ODDS

A parlay is a type of wager where multiple outcomes are selected. Each of the outcomes must win in order for the parlay to win. Any point spread tie reduces to the next lowest number of teams in the parlay. The odds for the number of teams placed in a parlay are based on the pay table below when the selections (point spreads and totals for football and basketball, games and segments) have a default line of -110. Listed below is the Sports Book pay table.

PARLAY ODDS SELECTIONS

The legs in a Pay Table parlay all must meet the following requirements:

1. Football, basketball (excluding money lines) and their halves or quarters
2. Point spread or totals
3. Default odds that are set at -110.

Maximum payoff on off the board parlays is +1000000. Acceptance of all parlays is at the discretion of management.

Example 1: The 2-team parlay (See picture below) is a standard parlay paying 2.6 to 1 or +260. Using the Pay Table, $\$10.00 \times 3.6 = \36.00 payout. Pay Table parlays are not calculated using "true odds" (-110 is not .9091 in this case). The Pay Table Multiplier section below explains the way that Pay Table odds are calculated.

Pay Table Multiplier

This is the factor that, when used for each leg of a parlay, gives the Pay Table payout. For a 2-team parlay at default odds, the factor is a square root. For a 3-team parlay, it is a cube root, for a 4-team parlay, it is the 4th root of the payout.

The return on a 2-team Pay Table parlay at 2.6 to 1 is 3.6 for one, as the payout. The square root of 3.6 is 1.8974. This is the Pay Table Multiplier for 2-team parlays.

$$\$10 \times 1.89736 \times 1.89736 = 36.00.$$

Below is the pay table multiplier which is used as the method to calculate pay table parlays when the default odds are -110. The respective Pay Table Multiplier (shown below) by the True Odds Multiplier of the number (other than -110) minus the True Odds Differential

(shown below).

Non-Pay Table Parlays

We use the term Non-Pay Table parlay when at least one leg does not meet requirements 1 and/or 2 of the Pay Table parlay default odds section above.

Sports like Boxing, Baseball, and Hockey use Non-Pay Table Odds. Football money line bets also use them. The [True Odds Multiplier](#) section below explains the way that Non-Pay Table odds are calculated.

Example 2: The 2-team parlay below uses the [True Odds Multiplier](#) because neither leg meets the Pay Table requirements, so $\$10 \times 1.9091 \times 1.9091$ (rounded) = \$36.45 payout.

Example 3: The 2-team parlay below uses the Pay Table Multiplier for 105 because it meets all other requirements for Pay Table Odds (see Pay Table Parlays above). Note: The root for the Pay Table Multiplier is based on only the number of legs that meet the requirement. It uses the True Odds Multiplier for 107 (-1/-120 = .8333) because that leg does not meet requirement 2. Although it is a Football game, it is a money line wager.

$$\$10 \times 1091 \times 1.8333 = \$5 \text{ payout.}$$

Pay Table Non-Default Odds

We use the term Pay Table Non-Default Odds when all legs meet requirements 1 and 2 of a Pay Table parlay: 1) Football, basketball, and their halves or quarters 2) Point spread or totals, but at least one leg does not meet requirement 3 because it has odds that are not equal to the default odds.

Pay Table Non-Default parlays are not calculated using "true odds" (-120 is not .8333). The True Odds Differential section below explains the way that Pay Table Non-Default odds are calculated.

Example 4: The 2-team parlay below uses the Pay Table Multiplier for default odds for 302 (which meets all the requirements of a Pay Table parlay like Example 1 above). However, the other leg (304 Saints) has non-default odds -120, so a factor called the True

MGM National Harbor Sports Book House Rules

Odds Differential is used to adjust the True Odds Multiplier of the -120 to derive the new Pay Table Multiplier for non-default odds -120.

$$\$10 \times 1.8974 \times 1.8216 = \$34.56 \text{ (rounded to nearest nickel } \$34.55)$$

True Odds Differential

The only time that the True Odds Differential is used is when a leg contains a Pay Table sport that has non-default odds for point spread or totals (Example 4 above has -3-120 instead of -3 -110).

Calculating the True Odds Differential for a Non-Default Odds leg when default odds = -110

(True Odds Multiplier of -110) - (Pay Table Multiplier of -110) = True Odds Differential

$$1.9091 \quad - \quad 1.8974 \quad = \quad .0117$$

Calculation to find the Pay Table Multiplier for Non-Default odds -120 in Example 4

True Odds Multiplier of -120 = 1.8333 – True Odds Differential = .0117

Pay Table Multiplier of -120 = 1.8216

The only exception for not using the true odds differential is when the pay table multiplier exceeds that of true odds (-110 or .9091).

Calculations to find the True Odds Multiplier

When the Leg is a Favorite

When laying odds (money line is less than 0): $(-1) \times (100) / (\text{money line}) + 1$.

Example: True Odds Multiplier for Money line: -110: $(-1) \times ((100) / (-110)) + 1 = 1.9091$

When the Leg is an Underdog

When taking odds (money line is greater than 0): $(\text{money line}) / (100) + 1$ Example:

True Odds Multiplier for Money line: +130 = $((+130) / (100)) + 1 = 2.3$

Off the Board Teaser Odds

A teaser is a wager where a patron can alter the point spread or total on a list of games (2-10 teams) in the players favor. The additional points that the player receives on each selection reduces the odds. Below are the pay table teaser odds and associated values, which may be altered.

Example: Two team 6-point pro football teaser for 120 dollars.

Giants are +4 add 6 points, the teased line is now +10.

Jets + 6 points add 6 points, the teased line is now +12.

The payout is -120. In this case, you will risk 120 dollars to win 100 dollars.

In case of a wagering tie or no action on a two-team teaser, the wager is refunded.

Otherwise, a tie or no action reduces teaser to next lowest number of plays.
